Bulletin #4

Feb. 15, 2021

Environment

JUDGING ENVIRONMENT

DOMjudge 7.3.2 running on Fedora 33
Processor: Intel Xeon E5450
Memory Limit (includes run-time environment): 2 GB

LANGUAGE PROCESSORS

C: cc (GCC) 10.2.1
C++: c++ (GCC) 10.2.1

Java: openjdk version "11.0.10" with standard OpenJDK library
Python 3: Python 3.9.1 with libraries included in standard distribution

WARMUP slots will be assigned to teams in the days preceding the contest. All teams will be assigned slots, even if the team is not yet approved.

Please sign-up for an early warm-up session to help with the shake-out. To volunteer, email: director@socalcontest.org

ONLINE RULES AKA "Team Fee"

Each contestant will receive a "Survey Monkey" request via email - please complete it to verify that you have read and understood the on-line rules. The team will be marked "Paid" when everyone has completed this task.

TEAM APPROVALS: The first four eligible teams from an Institution will be approved; the remaining teams will be approved, assuming we have room, approximately one week before the contest. The Registrar will email ANY team that has an eligibility issue to make sure any issues are resolved, so there is no delay in accepting the team if slots remain available.

CONTEST DAY - anticipated schedule (full schedule published in Bulletin #5)
CHECK-IN - 2 hours

(Teams will be assigned a 10-minute window to check in)

OPENING CEREMONY and Q&A - 1.5 hours

CONTEST - 5 hours

Post Contest Broadcast - .5 hour

AWARDS CEREMONY - 1.5 hours

REMINDERS

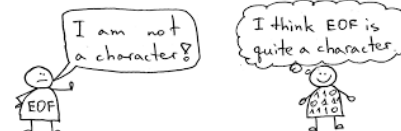

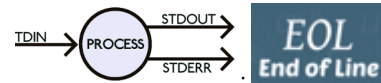

T-Shirts

You can order a t-shirt any time until the contest. It is unlikely to arrive before the contest if you have not already ordered one. Purchase is optional. Order your t-shirt here.

Practice contests are available! You do not have to practice as a team. Get details here.

BE SURE YOU **UNDERSTAND**:

Contest Live Updates, Environment, and Documents

There is an up-to-the-moment contest updates web page that will be live during warmup sessions and the contest. See http://socalcontest.org/current/importantupdates.shtml Available 15-Feb-2021.

Download the appliance at the link below. The password for the default login is 'icpcpw' (without the quotes). http://socalcontest.org/f33-icpc-socal.ova Available 10-Feb-2021. Tested using VirtualBox 6.1.

Download the warmup packet at the link below. We apologize for its previous unavailability. http://socalcontest.org/Warmup-2020-2021.pdf Available 15-Feb-2021.
